

Electric vehicle charging solutions for cities and municipalities

Foster a clean, sustainable community for your residents

Get your city ready for the transition to electric mobility, and **support local economy** at the same time. Accelerate EV adoption and build a **cleaner, healthier and low-carbon community**.

Benefits of providing charging stations in your city

Contribute to sustainable development goals

Foster an eco-friendly, clean community

Support electric vehicle adoption in your city

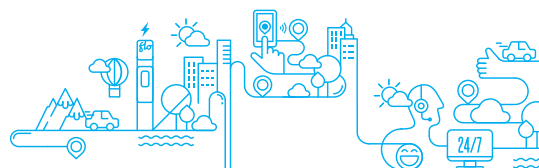

Ensure public infrastructure is future-proof

Why choose FLO?

FLO is Canada's largest electric vehicle charging network.

We operate **thousands** of charging stations from coast to coast, with an **industry-leading** reliability rate.

- **Turnkey, flexible** solutions for all types of properties
- **Real-time** charging station monitoring
- **Remote servicing** and troubleshooting
- **Simple** pricing and access control
- Detailed data reports **accessible at all times**
- **24/7 bilingual** support line for EV drivers
- **Scalable solutions** to meet current and future demand
- Connection with more than **80% of Canadian EV drivers**

Did you know?

EVs are projected to represent **20%** of new car sales by 2030

Customizable solutions for all locations

No matter what your requirements are, we offer flexible and affordable solutions for any situation.

Curbside on city streets: Deploy curbside charging stations at designated street parking spaces to accommodate passing EV drivers in commercial areas.

At public buildings: Install public charging stations for visitors at destinations like city hall or community centres, or offer reserved stations for municipal employees.
